Google Inc. Emergency Disclosure Request

This form is to assist Google in evaluating whether to exercise its discretion to disclose subscriber information to law enforcement pursuant to 18 U.S. C. § 2702(b)(8) & (c)(4), and is to be completed by an authorized law enforcement official.

Please be sure to: (a) specify the user by the Google or YouTube ID, (b) answer all questions, (c) sign as indicated below (initial any additional pages submitted), and (d) return the completed signed form and supporting materials either by email from an official email address of your agency to legal-compliance@google.com, or by facsimile with a cover letter on official letterhead of your agency to 650-649-2939. If you are unable or unwilling to answer a specific question in writing, please call 650-253-3425. Please limit the scope of information you request to the narrowest needed to avert the emergency. Asking for all information that Google has will result in slower response time.

1. What is the Google or YouTube ID to which this request relates?

2. What is the nature of the emergency involving death or serious physical injury?

3. Whose death or serious physical injury is threatened?

4. Why do you believe that the death or serious physical injury described in your answers to questions 2 and 3 above is imminent?

5. Specifically, what information in our possession do you believe is related to the emergency described above?

6. Why is the normal disclosure process to obtain the information insufficient to address the threat you described above?

7. How will the information you seek assist in averting the threat?

8. If the emergency relates to an email or other message from or on a Google service, please provide a copy of the email (with full headers if available) or message, or a link to the message if publicly posted.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.
