All,

~~(S)~~ Attached is a report from our lead software developer in the unit concerning the tools that we promised to support your SHAC investigation. Please be advised that the tool itself is classified **SECRET**. Further, any indication that the tool is specifically software in nature is also classified. We refer to the tool as being

[Redacted]

(U) Please advise us if we can be of further assistance. Keep in mind that this is still a prototype, and will require some additional work to be "ready for prime time". Please advise us concerning your future plans for this investigation so that we may plan and support you accordingly.
