Dear Custodian of Records:

The below listed account/profile is the subject of an ongoing criminal investigation at this agency, and it is requested pursuant to 18 U.S.C. § 2703(f) that the following information associated with said account/profile be preserved pending the issuance of a search warrant or other legal process seeking disclosure of such information. However due to Skype being out of the country, please advise how the below information can be obtained:

For: Looking for Skype subscriber information and IP logs for the Skype.com account users listed below specifically subscriber information, IP logs of this subscriber, Emails associated with this account and any other account information, friends lists and a history of any and all past TOS violations.

I understand that Skype.com will lock the profile/accounts in question, thereby rendering the account inaccessible to its owner. This preservation is also advising Skype.com that the accounts are being used to conduct SWATTING Operations and putting the public's lives in danger. SWAT teams have been called out on two occasions within one day and entered people's homes due to this hoax. I would interject a NON DISCLOSURE in that any attempt to notify this suspect of this investigation would be deemed as interfering with a legal criminal investigation. A court order will be obtained for Skype.com NOT to disclose this investigation to your customer.
